

PACKAGE QUANTITIES FOR GRAND MASTER™ SINGLE PLY TRACK PATTERNS

Single Ply Track --Grand Master™ Stud Part Number Breakdown for 252S, 286S and 300S template patterns.

Grand Master™ studs are in a kit with studs, nuts and round or *square aluminum support plates in two stud lengths of 1.075 and 1.325 in quantities of 24, 84, 96. The Double Grand™ Digger® support plate and the Grand Master stud are available in a 12 piece package also.

Because the package amounts do not correlate directly with Woody's stud quantity recommendations on the 252S, 286S and the 300S templates, the two charts below have stud package combinations to complete the recommended patterns with the least amount of product left over.

Double and/or Single Patterns or Single Ply Tracks	Quantity Break down of type of support plate	*GMPS or GMPR 1075 or 1325-24 Package Qty.	Double Grand Digger Qty ADG-3775-12	GMP-1075/1325-12	Left over product
