

Technical Tip T7-08-0003-2

Support plate quantities for two ply and single ply track patterns using only double support plates or patterns requiring both double & single support plates to complete the pattern. This list does not include all template patterns. Each template listed also has patterns that require only single support plates to complete the pattern. You will find those pattern choices on Woody'sTraction .com. The Bear-Temp is not listed as it does not have a pattern requiring double support plates.

TEMPLATE NAME	TEMPLATE PART #	PATTERN NAME	SINGLE BACKER QUANTITY	DOUBLE BACKER QUANTITY
